Introduction

Background

Council tax benefit was abolished by the government from 1 April 2013. From that time onwards local authorities in England have been required to operate their own localised council reduction scheme. Ealing council developed its own scheme and a proposed draft version subject to consultation effective from 1 April 2018 is set out below.

Section 10 of the Local Government Finance Act 2012, which substitutes section 13A of the 1992 Act and Schedule 4 which inserts Schedule 1A into the 1992 Act, allow the authority to design support schemes for those not of state pension credit age. These enabling provisions, however, detail elements that must be included in all schemes. The detail which must be included in local council tax support schemes is laid out in The Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 (SI 2885).

Pensioners

Pensioners must be protected by local authorities under any localised scheme at the same level of support that they received under the council tax benefit scheme and the Government has prescribed a national set of rules for pensioners which authorities must adopt as part of their local scheme.

Local Authorities do not therefore have any discretion over the amount of support provided to pensioners and pensioners are protected from any further reductions in the level of support they received under the council tax support scheme.

The council has adopted the requirements of The Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 SI 2885 as the council tax support scheme for pensioners subject to any amendments of those regulations and variations detailed under the paragraph headed “The Features of the Scheme applying to all applicants.”

Non Pensioners

This document therefore, details those aspects of the scheme that apply to persons classified as non-pensioners and the prescribed details required for pensioners.

Features of the scheme applying to Non Pensioners only

For persons not treated as pensioners for the purposes of this scheme (see 1.2) reaching the qualifying age for state pension credit there is no:

- Underlying entitlement
- Backdating
All overpayments of council tax support under the Council Tax Support scheme are recoverable.

There is no entitlement to Council Tax Support for claimants who have £8,000 or more in capital.

When an advantageous change of an applicant’s circumstances is reported to the authority more than one month from the date it occurred, it will be treated as having occurred on the date the authority was notified.

**Feature of the scheme applying to all applicants**

When calculating entitlement for all applicants war pensions, war disablement pensions, war widow’s pensions, war widower’s pensions and payments made under the Armed Forces Compensation Scheme should be disregarded. The statutory obligation under The Prescribed Requirements is to disregard the first £10 per week only of such payments in the calculation of entitlement to council tax support.

**Council Tax Support for Couples**

A person becomes eligible for pension related council tax support at the age at which they can qualify for state pension credit (the pensionable age for a woman).

In the case of a couple where one person is under state pension credit age and the other person is over that age, the couple will fall into the working age category if any member of the couple is in receipt of Income Support (IS), Income Based Jobseekers Allowance (JSA(IB)), Income Related Employment Support Allowance (ESA(IR)) or Universal Credit (UC). If no member of the couple receives one of these benefits the couple will be treated as a pensioner couple. See paragraph 1.2 paragraph 1.2.

**Part 1. Prescribed regulations**

While Ealing Council has adopted its local Council Tax Support scheme there are a small number of prescribed Government requirements contained in the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012 that will apply to all schemes: local schemes, the prescribed scheme for persons of state pension credit eligible age and the default scheme.
