Dear Anita

Re: Statement of Community Involvement

Bellway have reviewed this statement and have the following comments to make.

Bellway are concerned that the reference to community in Section 2.3 is very narrow and relates to individuals rather than a wider understanding of the community, which also involves business groups. In this context the methods of engagements with the community are not balanced.

Section 4.11

Bellway do not consider that it is acceptable only to allow an objector to speak against an application at the relevant Committee. The process must also allow for the applicant or supporter to speak in favour of an application.

We look forward to hearing from you as this SCI is progressed further.

Yours sincerely
For and on behalf of
