Dear Ms Fonso, and Clean Air for Southall and Hayes (CASH) members,

Thank you for your reply to my letter of 2nd August, which addressed the concerns you had raised regarding Berkeley Group sponsorship of council events.

You have requested some additional information about the Citizens Tribunal and how items for exploration are brought forward. The Tribunal has already had detailed and interesting discussions, for example, regarding health inequalities and educational outcomes in the borough.

The Tribunal was set up to be independent and so it's not appropriate for me to direct them in any particular direction. You can find more information on the Tribunal here: [Citizens Tribunal - Do Something Good](#).

Yours sincerely,
