Dear Mr Barton,

Examination of the Ealing Local Plan 2024-2039 (the Plan)

Thank you for your letter dated 7 August [EX22] concerning Issue 5 (Strategic Policies) raised in our post-Block 1 Hearings Advice of 3 July [EX18]. In our letter, we indicated that we wished to hear the Council's initial response before forming a view on whether we are content for this matter to be addressed in detail following the Block Two hearings.

Your letter helpfully proposes a substantive way forward, with many of the policies the Council wishes to be regarded as strategic falling to be considered at the Block Two hearings. In these circumstances, we are content to confirm that we will conclude on this matter after the Block Two hearings.

We are not inviting comments from other parties at this stage.

Darren McCreery and Carole Dillon

INSPECTORS
