

FGM/C AWARENESS AND ADVOCACY PROJECT

About the Project

Project aims to educate, support, and advocate for Somali women affected by Female Genital Mutilation/Cutting..

COMMUNITY RESEARCH & INSIGHTS

Our project champions peer-led research, exploring:

- social and health impacts of FGM/C on women, families, and the wider community
- barriers to open discussion and healthcare access
- influencing policy and practices across Ealing to ensure cultural competency

This approach values lived experience improving influencing engagement about FGM/C
