

**Supplementary statement to Ealing Health and Wellbeing Board's
Pharmaceutical Needs Assessment**

Date Pharmaceutical Needs Assessment published – September 2025

Date Supplementary Statement issued – August 2026

The Regulations state that Supplementary Statements can provide updates to the Pharmaceutical Needs Assessment only in relation to changes in the availability of pharmaceutical services. Supplementary Statements cannot provide updates on pharmaceutical need. This can only be achieved through a review of the Pharmaceutical Needs Assessment. The following pharmaceutical services currently contained within the Pharmaceutical Needs Assessment have been identified as needing updating. This updated information supersedes some of the original information within the PNA and should be read in conjunction with that document.

Consolidation of two pharmacies into one

The following pharmacy has closed as a result of a successful consolidation application:

Sherrys Chemist (FQP22) at 48 South Road, Southall, UB1 1RR.

The pharmacy provided all the essential services and the following advanced pharmaceutical services: Pharmacy First, Pharmacy Contraception Service, Hypertension Case-Finding Service, New Medicine Service

These services were provided at the following times: Monday to Friday from 09:30 to 19:00; Saturday and Sunday closed.

The pharmacy closed on 24 August 2026.

It is the opinion of Ealing Health and Wellbeing Board that the removal of this pharmacy from the pharmaceutical list does not create a gap in pharmaceutical services provision that could be met by a routine application (a) to meet a current or future need for pharmaceutical services, or (b) to secure improvements, or better access, to pharmaceutical services.
