MC26	Chapter 1	On Page 12, 5 th para., 3 rd line amend reference to Appendix 3 <u>2</u> .	To reflect deletion of Appendix 1.						
MC27	1.1 (a)	Amend text as follows: “and provide up to 450,000 <u>128,400</u> gross sqm of new retail floorspace.”	To provide better clarity in response to a review of retail need figures arising from GLA rep 198/686. The proposed change reflects a reduction in total projected retail floorspace need from using more accurate scenario testing from the Retail Needs Study Update (2010) in relation to convenience goods. Maintaining 'up to' confirms the figure represents a maximum projection for the borough over the plan period.						
MC28	1.1 (a) Footnote 11	Replace ' Table 7.7 ' with ' <u>Table 7.9</u> '	To reflect the correct table reference in the Retail Needs Study (2010) to more accurately project convenience floorspace need.

MC30	1.1 (e) Footnote 12	Replace ' September 2010 ' with ' <u>July 2011</u> '	To reflect the date of the updated IDP.						
MC31	1.1 (h)	Amend footnote 13 as follows: “ For more detailed information see the Development Management development plan document See chapter 7 of the <u>Development Management DPD for more detailed information.</u> ”	To provide better clarity.						
MC32	1.1 (j)	Add footnote:“ <u>See Chapters 5 and 7 of Development Management DPD for detailed policies.</u> ”	To provide better clarity.						
MC33	1.1	Amend the supporting text on P.18, Para.3 as follows: “Another key borough-wide proposal <u>policy</u> that is crucial to the delivery...”	To distinguish this submission version of the plan from the Final Proposals (or pre-submission version) consulted upon in Autumn 2010.						

Ref. No.	Policy/ Paragraph	Suggested Change	Reason For Change
MC34	1.1	Amend the supporting text on P.18, Para.3 as follows: "there is demand for up to 150,000 <u>128,400</u> gross sq metres of new retail...."	To provide better clarity in response to a review of retail need figures arising from GLA rep 198/686. The proposed change reflects a reduction in total projected retail floorspace need from using more accurate scenario testing from the Retail Needs Study Update (2010) in relation to convenience goods. Maintaining 'up to' confirms the figure represents a maximum projection for the borough over the plan period.
MC35	1.1	Add in the supporting text on P.18, Para 4, after '11 neighbourhood centres' the following: "... <u>which provide an important focal point for the local community.</u> "	To provide better clarity.
MC36	1.1	Add in the supporting text on P.19, Para 2 in the last sentence: "The strategy allows for development that will enable the area to be more sustainable (e.g. facilitating mixed tenure communities and accessible community facilities) while protecting <u>and enhancing</u> the character of a place."	To provide better clarity.
MC37	1.1	Add in the supporting text on P.19, Para.4 in the penultimate sentence: "Open spaces also provide an oasis of calm and tranquillity for residents from the bustle of city life, <u>beneficial to health.</u> "	To provide better clarity.
MC38	1.2 Footnote 26	Amend footnote as follows: "updated in September 2010 <u>July 2011.</u> "	To reflect the date of the updated IDP.
MC39	1.2 (b)	Amend the policy as follows: "To apply a sequential approach to the location of new office development with the primary focus being at Ealing town centre, a secondary focus at Park Royal and with some provision at Greenford. Employment land (including office and industrial uses) will be categorised for <u>short, medium or long-term protection.</u> long-term protection, medium-term release over time, and short-term release to allow for managed release of some employment sites. "	To provide better clarity. Whilst the policy exists to establish the spatial programme for development in the Borough and the policy as drafted fulfils this objective it is acknowledged that better signposting to the DM DPD is appropriate as this contains a policy which allows for economic testing of employment sites which would support the interpretation of the policy.
MC40	1.2 (b)	Amend second paragraph of the supporting text as follows:	To provide better clarity. Whilst the policy exists to establish the

To achieve the efficient use of land these will be protected by criteria-based development management policies, allowing release to non-employment uses only if a lack of demand is demonstrated.</u> • Short-term <u>protection release</u> – These sites <u>Sites that have either been lost to residential or have been so diluted by other uses to no longer qualify as protected function effectively as</u> employment land. <u>Where appropriate, these will be allocated for alternative use through the Development Sites DPD” as the final sentence.</u> <p><u>Proactive management of SILs and LSIS’s will involve the limited transfer of 14 hectares to mixed use development over the plan period, coordinated through the Development Sites DPD.</u></p>	<p>spatial programme for development in the Borough and the policy as drafted fulfils this objective it is acknowledged that better signposting to the DM DPD is appropriate as this contains a policy which allows for economic testing of employment sites which would support the interpretation of the policy.</p>

MC42	1.2 (d)	Amend the supporting text as follows: " HS2 will provide a link with the Crossrail service on the Great Western Main Line and a fast link to Heathrow via the existing Heathrow Express service. The route would then continue on a widened Chiltern Line route through the borough alongside the Central Line London Underground service. Proposals for HS2 may offer a variety of opportunities for Ealing if the project goes ahead. The route as currently proposed is likely to connect with CrossRail at Old Oak Common before traversing the Borough via the Chiltern Line alongside the Central Line London Underground. HS2 will inform land use plans when the scheme is finalised. "	To update the reference to reflect the latest position with regards to High Speed 2 (HS2).
MC43	1.2 (d)	Delete text in footnote 31 as follows: " TfL are preparing a Supplementary Planning Guidance (SPG) for this. A protocol with Boroughs is also being developed out of this work. " Replace with : " <u>See London SPG on CrossRail.</u> "	To update the reference and acknowledge that the GLA's Supplementary Planning Guidance (SPG) "Use of planning obligations in the funding of Crossrail" has now been adopted.
MC44	1.2 (g)	Amend supporting text as follows: "In West London, six Boroughs have joined together to plan for the management of future waste. The <u>plan West London Waste Plan (WLWP) aims to will identify and safeguard sufficient sites to deal with this waste for waste management facilities in the area to satisfy the waste apportionment targets established in the London Plan (and its draft replacement). The plan aims to maximise the use of the existing sites in the area, including changing some waste transfer sites into waste management sites. 		<p><u>existing waste management sites. This policy will be applied in Ealing unless the impact from continuing waste operations is considered to be unacceptable and alternative sites of an equivalent compensatory nature can be secured. In addition, the plan recognises the need to identify a number of new sites in the area to satisfy the apportionment target. The WLWP will also comprise policies to guide/manage the determination of planning applications for waste management facilities. It will devise policy that will help implement site development and awareness of sustainable waste management.</u> The most recent information from official sources showed that West London currently produces just over two million tonnes of municipal and commercial waste each year. This waste comes from homes, businesses, hospitals and other facilities. It is expected that this amount will increase to 2.11 million tonnes by 2026. At the moment 70% is transferred to sites outside London.”</p>	
MC45	1.2 (i)	<p>Amend third sentence of the supporting text as follows: <u>“In 2009/10, twelve EVCP were installed in four car parks across Ealing and there are plans to install a further five points in the Borough by the end of 2010/11. Works has commenced to install the first tranche of EVCPs which are planned to be ready in 2011 and the Local Implementation Plan will set out the timetable of any future instalments.”</u></p>	To provide better clarity as specific information is no longer needed for the Final Submission document.
MC46	1.2 (j)	<p>Amend supporting text as follows : <u>“Although Ealing is identified in the London Plan as a borough with remaining aggregate reserves resources in London, the location of these reserves in sensitive localities means that it is highly unlikely that Ealing will be able to contribute to meeting the supply of land won aggregates in West London. A number of sites in the Osterley area of the borough were identified</u></p>	To provide better clarity and ensure the policy reflects the revised regional policy position. Furthermore “reserves” implies amounts of aggregates with planning permission – i.e. ‘permitted reserves’. If minerals are known to be present but extraction has not been permitted then these should be referred to as “resources”.

		as having un-worked reserves, although it is proposed that none of these sites be taken forward for mineral workings because of their existing open space status, their heritage value, and their strategic role for sports/recreation. Furthermore, the council notes that there are significant un-worked aggregate reserves in neighbouring West London boroughs. The council will however continue to ensure that the distribution of aggregates throughout the borough is done so through the most sustainable methods, and with minimal impact on the environment and the amenity of its residents."	
MC47	2.1 (a) Footnote 42	Amend footnote to read: "Based on sites identified as 'Main' sites in the Development Sites DPD (i.e. not including all 'Extra sites' in the Housing Trajectory anticipated to come forward for development in the Development Strategy during the plan period (2011-2026). "	To provide updated figures that reflect further work undertaken on refining the Housing Trajectory since publication of the Final Submission Proposals in September 2010.
MC48	2.1 (c)	Amend as follows: "... (as specified in Initial Proposals Policies 2.2-2.9)..."	To distinguish this submission version of the plan from the Final Proposals (or pre-submission version) consulted upon in Autumn 2010.
MC49	2.1	At thened of the supporting text amend as follows: "The following proposals policies relate to different parts of the Uxbridge Road / Crossrail corridor and Map 6 above shows those areas referred to:"	To distinguish this submission version of the plan from the Final Proposals (or pre-submission version) consulted upon in Autumn 2010.
MC50	2.2 (a)	Amend policy as follows: "To regenerate Acton Town Centre leading to the provision of 525 <u>550</u> additional mixed tenure homes..."	To provide updated figure that reflect further work undertaken on refining the Housing Trajectory since publication of the Final Submission Proposals in September 2010.
MC51	2.2 (a) Footnote 46	Amend footnote to read: "Based on sites identified as 'Main' sites in the Development Sites DPD (i.e. not including all 'Extra sites' in the Housing Trajectory anticipated to come forward for development in the Development Strategy	To provide updated figures that reflect further work undertaken on refining the Housing Trajectory since publication of the Final Submission Proposals in September 2010.

MC55	2.4 (a)	To delete reference to " Friary Road " and replace with: " <u>Horn Lane</u> ".	To correct a simple factual error. The proposal is to put the new station for Acton Main Line on Horn Lane, next to Acton House, not on Friary Rd as stated.
MC56	2.4 (a)	To amend as follows: Delete " To demolish the existing station building as part of the Crossrail proposals to enable the construction of a new Acton Main Line station building on Friary Road providing additional capacity at the station and improved passenger facilities. " and add " <u>To permit modifications to the Acton Main Line station to cater for Crossrail services to provide additional capacity at the station and improved passenger facilities.</u> "	To provide better clarity about the plans for the upgrading of the station.
