Once we have received our designation, WECNF looks forward to working closely with the Council in producing a plan that ensures local people get the right type of development for West Ealing while being in general conformity the strategic policies of the Local Plan. To this end, we would like to discuss with the Council the application of the £20,000 Frontrunner funding that the Government provided to pioneer Neighbourhood Planning in West Ealing.

I trust this application meets with the Council’s requirements and that you can proceed with it. If you need more information on the proposed WECNF, please peruse the information at www.wecnf.wordpress.com and/or contact me directly or

1. Introduction
The overall approach by the Interim WECNF is to pursue two parallel paths. One path is to begin the work of researching, discussing and defining the existing situation and identifying positive and negative aspects. Work Groups will be set up. The second path is to carry out the work necessary to legitimise our activities. Although National Government has in some sense legitimised our group by giving Frontrunner status for a West Ealing centre Neighbourhood Forum (NF) we need Local Planning Authority (LPA) approval to achieve the formal status of
The Neighbourhood Forum. To attempt to achieve LPA approval we need to define our
neighbourhood, sign up 21 stakeholders who live or work in the area and who collectively reflect
the area’s make up, and adopt a Constitution.

2. Proposals
The Chair thanked all those who had made written proposals since the first meeting. Particular
thanks go to Arthur Breens, Carmel Cahill, Will French, Eric Leach and Will Redpath. The
proposals largely covered options for defining the neighbourhood area, work group approaches
and a range of process ideas.

3. Defining the Borders of the Neighbourhood
Three options were presented in visual form to the attendees. They were:

Option i) - The western end of the Ealing Metropolitan Town Centre.
Option ii) - Option i) plus extensions north and south to include Green Man Lane Estate and
Sherwood Close Estate – extending north to Felix Road and Hastings Road and south to Leeland
Terrace and Mattock Lane
Option iii) – Option ii) but extending north to Sutherland Road, Sutherland Avenue and
Arlington Road and south to Leighton Road, Occupation Road and Rathgar Avenue.

There was much discussion on the pros and cons of each option. In the end the majority voted for
Option ii) with an extension north all the way up to and including the railway line. The Chair
agreed to have conversations with the Ealing Centre Neighbourhood Forum Working Group to
precisely define the boundary between the two NFs.

It was agreed that a revised map would be redrawn to show intended boundaries and this would
be made available to interested parties.

4. Work Groups
Will Redpath’s proposals for three Work Groups was accepted. The Work Group titles are
Movement, High Street and Social Provision. A further Work Group, suggested originally by
Will French, for Spatial Integration was also accepted.

Attendee sign ups for these groups are as follows:

Movement
Mike Tyzack, Arthur Breens, Simon Rowley (EPTUG)

High Street
Nigel Presky, Nick Abel

Social Provision
Wendy Sweeney, John Hummerston, Laura Ferreira, Nezlin Sterling, Maria Gledhill, Judy Harris

Spatial Integration
Maria Gledhill, Will French, Eric Leach
Others who were unable to attend this meeting are invited to join these Work Groups. The first named individual in each group is required to organise that Work Group’s first meeting. Each group is expected to meet before our next meeting on 23 July and to prepare a short statement of findings, approach and future work schedule at or before that 23 July meeting.

In order to facilitate communication between stakeholders the meeting approved the publication of everyone’s email address.

5. Draft Constitution
The basic approach is to have a three tier structure. Membership of the forum is open to all those who live and work in the Neighbourhood Area. There will be a Stakeholder Group, which initially comprise representatives of the founder stakeholder organisations. Day to day business will be conducted by an elected Committee. There was much discussion on this. Tony Miller led the discussion as he had drafted the Constitution (taking input from other NFs in England) for the Ealing Centre Neighbourhood Forum (ECNF). Tony agreed to re-draft the Constitution based on attendees comments and distribute on email to all Forum attendees.

6. WECNF Web Site
Announced today at www.wecnf.wordpress.com this web site will be the place where all our activities will be publicised. Comments from all Forum attendees on all aspects of the web site content will be gladly accepted. Nikki Hunt, who has created the web site was roundly applauded for her efforts. Eric Leach will publicise the web site’s existence as soon as possible. Angie Bray offered to publicise the site on her web site and the Chair encouraged all other attendees to provide a link to our site from their various web sites.

7. Formal Application for Neighbourhood Forum Status
The meeting was asked to approve our application to Ealing Council for Neighbourhood Forum status. This was unanimously agreed by the meeting. The Chair will assemble all the required material – map, 21 signatories and Constitution - and submit it hopefully in July 2012.

8. Local Neighbourhood Forums
Current local initiatives include WECNF, ECNF, Hanwell NF, Northfield Avenue NF and central Hounslow NF.

9. Any Other Business
Will Redpath asked whether any help was available to pay for meeting rooms for Work Groups. The Chair confirmed that the Interim WECNF has asked for financial support from Walpole Ward Forum but no decision on this has been forthcoming yet. The £40,000 Frontrunner grant money held by Ealing Council is apparently as yet largely unspent. The Council says it wants to spend it on extending the Council’s web site to provide an information service to all Ealing Neighbourhood Forums. However WECNF has elected to build and maintain its own web site (thanks to West Ealing Women’s Institute) and the ECNF has engaged West London College to build and maintain its web site.

Schedule A
The area to be covered by the West Ealing Centre Neighbourhood Forum
SCHEDULE B

Statement explaining why this area is considered appropriate to be designated as a neighbourhood area

1. Located at the western end of Ealing Metropolitan Town Centre and accessible by rail via West Ealing Train station and a variety of buses, West Ealing Centre is one of the two key shopping destinations in Ealing Metropolitan Town Centre, along with Ealing Broadway Town Centre. However, the town centre has undergone a relative decline over the past decade, which makes it a priority to find and promote new drivers of growth and draw more visitors into the town centre.

2. The planned development of a new Crossrail Station in Ealing Broadway for 2019 will make West Ealing a more desirable place to live, shop and do business and provides businesses and the wider community with a unique opportunity to help reshape the area’s identity and ensure that the right type of development happens in the right place.

3. The neighbourhood area includes West Ealing’s retail core and a number of key sites providing opportunities for mixed-use regeneration. Ealing Metropolitan Town Centre boundaries have been extended to include two key residential estates awaiting regeneration, the Green Man Lane and Dean Gardens Estates.

   - The Green Man Lane Estate is located north of West Ealing’s retail Core. The 3.46 ha, 464 homes, 1970s development is made up of mixed size blocks and suffers from its poor integration with the town centre and the inadequacy of the size of housing units in view of local demand. The estate is being redeveloped in partnership with A2 Dominion and Rydon Construction, which were chosen by the community. It will include new homes, newly landscaped open spaces, community facilities and through roads.

   - The Dean Gardens Estate is a 1.64 ha 209 homes development from the 1970s. Redevelopment opportunities include the provision of new homes and the establishment of improved links to the high street and the improvement of internal pedestrian links. A working party involving the community has been tasked with establishing redevelopment principles and select a developer.

4. The neighbourhood forum will seek to involve community groups, local businesses and developers involved in those developments in the neighbourhood plan.

5. West Ealing Centre offers a distinctive value and local convenience goods offer as well as a wide range of eating-places, which complements the less specialised and more central retail offer in Ealing Broadway. It draws 1/3rd share of all Ealing’s shopping. Although functionally forming part of the Metropolitan Centre and essential to its identity, West Ealing centre is physically separated from Ealing Broadway commercial centre by the office Quarter and bears lower planned development than its Ealing Broadway counterpart.
6. Evidence shows that West Ealing faces a series of distinct challenges:
   - Issues with the quality of its public realm, damage to its historic architectural character and lack of design merit of key buildings and shopping parades;
   - The lack of physical integration with the rest of the Metropolitan Centre and particularly with the centre’s other key shopping area, Ealing Broadway;
   - Poor accessibility from neighbouring housing estates and from the “well to do” residential areas to the town centre’s retail core;
   - The poor approach from West Ealing rail station to the town centre;
   - Perceived deficiencies in the range and quality of shops and allied uses;
   - A deficiency in green spaces and parking facilities

7. The challenges in West Ealing now present the West Ealing Centre Neighbourhood Forum with opportunities:
   - To seek ways to improve the quality and variety of the retail offer and build on the strength of the location as a destination for food and socialising as a brand for the area
   - To make potential improvements to and uses of key sites;
   - To improve and promote integration between the existing and redeveloped residential and retail parts of the neighbourhood area, as well as with the other quarters of the Metropolitan Town Centre; and,
   - To ensure that the provision of a new Crossrail station provides opportunities to further integrate the transport interchange with its surrounding environment;
   - To network and improve access to open and green spaces and provide new public spaces

8. A very active local community in West Ealing is working to address these challenges. Largely centred around West Ealing Neighbours, groups have pioneered a series of community initiatives including a popular weekly Farmers’ Market, the newly established and very successful West Ealing Arts/OPEN Ealing project and a new monthly Craft Market all meant to contribute to the regeneration of West Ealing.

9. Ealing Council has bid for £500,000 from the Mayor’s Outer London Fund, launched in June 2011. The aim of the fund is to strengthen the vibrancy, character, quality and economic vitality of high streets and their environs. If granted the fund would enable concrete initiatives for the improvement of the town centre to be taken forward, which would be further facilitated by setting a vision for the town centre within a neighbourhood plan.
SCHEDULE C

d) it has a written constitution.
