Pope’s Lane

A number of residents have contacted us highlighting issues in the area about commuter parking displacement on the south side of Pope’s Lane (for which L.B. Ealing is the highway and traffic authority) causing visibility issues following the introduction of waiting restrictions on the north side. Subsequently, at the request of L.B Hounslow we have been asked to consult residents on introducing proposals similar to those introduced on the opposite side. We would like you to tell us your views about the proposals. We will use this information to make any changes that are necessary to the attached proposal that is suitable and responsive to the needs of residents and local businesses.

The proposal is:
- to install single yellow lines on the south side of Popes Lane between 217 and 289 (odd numbers) Popes Lane operating - Monday to Friday, 9am to 10am and 3pm to 4pm. The overall benefit will be improved safety for residents, businesses, and other road users. The waiting restrictions will deter waiting by vehicles and improve visibility for vehicles exiting driveways along this stretch of Popes Lane.

Details of the proposals can be seen on the attached consultation drawing. Your views are an important factor in the council’s decision-making process and contribute towards the decision to proceed. Once you have filled in your questionnaire, please return it in the envelope provided. You will not need a stamp. Please return your questionnaire by 19 October 2012 so that we can consider your views. If you require further information regarding this consultation, please contact us using the details listed within this document.

Please complete this questionnaire. Your views are important.

The closing date for this consultation is 19 October 2012

Please return your completed questionnaire using the envelope provided.
You can also complete this consultation online at www.ealing.gov.uk/consultations
What are your views on the proposal?
Please answer the question by ticking the appropriate box and add any comments in the box provided.
