Southfield (Zone R)

The Southfield CPZ was last reviewed in April 2012. At the time, residents were asked how they felt the zone was operating and whether they believed the zone would benefit from any alterations.

The general response was positive, however a number of residents showed a preference for the operating times to be reduced.

While the number of residents requesting the operating hours to be reduced did not represent the majority required to implement this change. Ward Councillors feel that there was sufficient demand to demonstrate a need to undertake a further review.

Please read this document carefully and complete the enclosed questionnaire. The results and comments received during this consultation will be presented to your Ward Councillors for their consideration.

If you require further information regarding this consultation, please contact us using the details listed on the back page of this document. Please complete this questionnaire. Your views are important.

Part One
Does your household have a car or other vehicle?
☐ Yes  ☐ No
If yes, please state how many

Do you have a resident’s/business parking permit?
☐ Yes  ☐ No  ☐ I have a disabled badge

Do you use visitors vouchers?
☐ Yes  ☐ No

Part Two
How do you find parking within a controlled parking zone compared to uncontrolled areas?
☐ Much harder  ☐ Harder  ☐ No change  ☐ Easier  ☐ Much easier

How do you find traffic congestion within a controlled parking zone compared to uncontrolled areas?
☐ Much worse  ☐ Worse  ☐ No change  ☐ Better  ☐ Much better

Do you want the CPZ to continue to operate, or would you prefer the CPZ to be removed?
☐ I would like the CPZ to continue to operate  ☐ I would like the CPZ to be removed

At present, the parking controls apply from Monday to Saturday. Do you feel that these days are appropriate?
☐ Yes  ☐ No

If you answered ‘No’, which days do you think should apply?
☐ Monday to Friday  ☐ Monday to Sunday
During what times would you like the CPZ to operate?

☐ Existing Hours (9am to 6pm)

If an area experiences parking pressure from various sources during the day, shorter hours may not be sufficient. As well as preventing commuter and long term parking, all day control also ensures an area will be free from shoppers and those seeking short stay parking.

**Resident Permit Cost: £80 per year / Maximum Visitors Parking Cost: £4.50**

☐ Shorter Hours (e.g. 9.30am to 10am and 3pm to 4pm)

Generally used to alleviate the pressure experienced from all day commuter parking. 2 hours is usually sufficient in dealing with this problem and does not impose all day control on the area. Shorter hours are more practical for visitors and contractors, such as plumbers and carers, carrying out duties in the area. They are also beneficial to local businesses, ensuring that adequate parking is available throughout the day, for both short and long term visits.

**Resident Permit Cost: £50 per year / Maximum Visitors Parking Cost: £1.20**

☐ All Day Control (e.g. 9am to 9pm)

Some areas located close by to busy shopping centres, restaurants, gymnasiums and other night spots may suffer from further parking pressure during the evening. In some cases, residents may have difficulty parking upon their return home from work. All day operation provides additional control and further assurance of parking being available.

**Resident Permit Cost: £80 per year / Maximum Visitors Parking Cost: £4.50**
