Background Information

The existing Acton library property will become surplus to the Council's requirements when new Acton library facilities are opened as part of the current redevelopment of Old Acton Town Hall in April 2014. Therefore this decision has no impact on the provision of library services in the Acton area. The Council's Cabinet resolved in November 2010 to dispose of the old library property on completion and occupancy of the new library facilities and authorised the marketing of the Property in April 2013.
