Public Consultation

Twyford Avenue mini roundabout
Consultation 2

Twyford Avenue, Oakley Avenue Proposed mini roundabout

Introduction
Proposals have been developed to calm traffic speeds and improve the pedestrian crossing facilities in Twyford Avenue, funded by the Council’s South Acton Ward Forum.

Please complete this questionnaire. Your views are important.

The closing date for this consultation is
21 February 2014

Please return your completed questionnaire using the envelope provided.
You can also complete this consultation online at www.ealing.gov.uk/consultations

Background
This consultation refers to the junction of Oakley Avenue and Lynton Road with Twyford Avenue. Discussions with ward councillors, local residents and the Creffield Road Residents Association have been carried out, along with feasibility investigations to identify cost effective solutions to improve the junction.

This scheme was previously consulted in April 2013. This is a re-consultation which has been distributed to a wider area in order to capture the views from residents of additional roads that could potentially be affected by the proposals.

Existing issues
Issues at this section of Twyford Avenue that have been identified include:

- High traffic speeds;
- Poor crossing facilities;
- Lack of visibility at junction for pedestrians;
- Lack of signage and road markings to inform motorists of 20mph zone; and
- Controlled Parking bays too close to the junction.

Proposals
The proposal involves reducing traffic speeds and improving crossing facilities for pedestrians. Features of the proposal include:

- New mini-roundabout at the junction of Oakley Avenue and Lynton Road with Twyford Avenue;
- New refuge island to warn vehicles of and to protect pedestrian crossing;
- New tactile paving at existing crossing points;
- Kerb build out to narrow the road width on Lynton Road;
- New signage including 20mph and roundabout give way; and
- Road markings include double yellow lines, 20mph roundels and relocation of resident parking bays.

The benefits
- Improved pedestrian crossing facilities and traffic safety; and
- Reduced traffic speed and congestion.

Your views
The council would like to know your views in order to implement the right scheme along this section of Twyford Avenue. Please examine the plan attached and make your views known to us by filling in the enclosed questionnaire by 21 February 2014.

What happens next
The responses to the questionnaire enclosed will be analysed and reported to ward members of your area. Taking into account the views of residents and businesses as expressed in this consultation, a decision will then be taken regarding implementation of the scheme.
Twyford Avenue Proposed Roundabout Consultation Questionnaire 2

Please fill in this questionnaire and return it in the prepaid envelope provided by 21 February 2014.
