Dear Mr Waterfield,

Letter of Support to Land Securities for Ealing Filmworks Scheme

The University of West London is pleased to confirm its support for the Ealing Filmworks Scheme. We see this as an important next step in the continual evolution and regeneration of Ealing Town Centre, bringing many positive benefits to local people and businesses. Alongside the increased opportunities for our students in terms of placements, employment, and potential performance space we believe this also makes Ealing a more vibrant and attractive environment for our students.

Yours sincerely,

Professor Peter John
Vice-Chancellor

Subject: Re: Ealing Filmworks Development/New Cinema in Ealing

Dear Terry,

I am afraid that Barnaby has not been in the office since we last spoke. Please see below an e-mail stating his support as he has not been able to sign a letter.

Best wishes,

Talia

Dear Mr Waterfield,

Letter of Support to Land Securities for Ealing Filmworks Scheme

Ealing Studios is pleased to confirm its support for the Ealing Filmworks Scheme. We believe that a vibrant new cinema space would do wonders to synthesize Ealing’s historical relationship with film production, with a practical space in which those who visit the area or live locally can appreciate that tradition. We see this as an important next step in the continual transformation of Ealing Town Centre, bringing many positive benefits to local residents and businesses.

Yours sincerely,

Barnaby Thompson

Dear Mr Waterfield

Letter of support for the Ealing Filmworks scheme from The Questors Theatre

As an organisation which operates at the heart of the community The Questors Theatre is keen to support a scheme which positively ensures the development, security and growth of the cultural quarter in Ealing.

Yours sincerely

RE: Land at New Broadway, Bond Street and Mattock Lane, W5

Ealing Broadway Business Improvement District represents the interests of over 400 businesses located in Ealing Metropolitan Town Centre. The BID funds, through a levy on businesses, projects and services aimed at supporting and shaping the town centre, the promotion of the high street funding events and activities, improving safety and security and through local connections and networks understands the needs of Ealing town centre.

We openly welcome this application for site CPO to enable the comprehensive redevelopment of this key town centre site.

Plans for the site will bring new employment and training opportunities through increased retail and hospitality uses. There is a constant, urgent, local call for better retail and entertainment in the town centre, which this development brings ensuring Ealing becomes a vibrant, animated town centre, able to compete with neighbouring centres such as Kingston and Richmond.

Open on three sides, this new development will enable visitors and shoppers to move easily from the busy Broadway through to enjoy a newly renovated Pitshanger Manor, to the green spaces of Ealing Green and Walpole Park and the cultural hub of Questors Theatre through to Bond Street a row of independent businesses who would benefit from greater footfall.

Site development through Land Securities ensures a high quality scheme and one which can be guaranteed and delivered in the near term, enabling our businesses to plan better for the future and which will also encourage new retailers to invest. The commercial offer of the town centre will be vastly improved with Ealing Filmworks and will in turn ensure the long-term viability and vibrancy of the town centre. The loss of a cinema in the local area is keenly felt, and recognising this the BID works in close partnership with Land Securities and Ealing Council to deliver a yearly summer programme of cinema with sell out performances, highlighting the need and popularity for a permanent cinema offer fully integrated into the development of this wider cultural quarter.

Ann Hunter
Chief Executive
Dear Sirs,

Re: CPO Inquiry Ealing

I am writing to offer my support to the proposed development of the site encompassing New Broadway, Bond Street and Mattock Lane Ealing W5.

I believe the scheme will enhance the shopping experience of visitors to the area and with the reinstatement of a local cinema greatly improve the cultural facilities locally. The scheme when completed should also offer many new jobs to the area.

I believe the benefits to myself as a local businessman and the community in general should outweigh the loss of the YMCA building in Bond Street which has been empty for many years now and frankly has little to offer the area.

Yours sincerely,

Brian Davis
Managing Director
